## A PICTURE IS WORTH

## A THOUSAND WORDS!

### OUR ROOTS

Founded in 1938 by a group of concerned citizens who cared deeply about our community, the Berryville Library does not want to forget our past while we write our next chapter.

### OUR VISION

As our community and library grow, we hope to strengthen connections by showcasing our collective legacy in the new library and keep Berryville's history alive for generations to come.

## LEAVE YOUR MARK IN OUR BOOK!

A gift of \$10,000 earns the right to name and place a picture or collection of pictures on one end of a shelving unit in the library's Central Atrium.

- This is our collective legacy, so we want to hear your ideas for iconic images that need to be preserved in a public space!
- Along with families, we hope people will choose to preserve memories of businesses, high school classes, and/or events that have impacted our community.
- Only pictures with a historical connection to Berryville or Carroll County will be considered.
- Orientation and quality of original picture may impact its ability to be used.
- Pictures must be approved by the library's Fundraising & Community Partnership Committee.

*All gifts to the Berryville Library Building Project are tax-deductible. Gifts can be made as one-time donations or pledges to be paid over several years.*
